

GLOBAL APPRENTICESHIP PROGRAM

ACU Alumni in Cambodia

On Mission

Two recent graduates of Abilene Christian University are serving in the name of Jesus today, halfway around the world in Cambodia. Amanda Daly (MA Psychology, Dec 2017) and Emily Moreno (BA biology, May 2018) both participated in the WorldWide Witness training program before answering the call to Southeast Asia.

Emily

Emily served in Brazil for her first Witness internship, and committed to a GAP experience in Cambodia after graduation. She has been working with a ministry through various outreach programs, including medical clinics and disaster relief after the floods.

Amanda

Amanda has been working with an anti human-trafficking organization in Phnom Penh for the past year and has been asked to continue serving with this non-profit in another international location. A short video of her work can be found [here](#).

Please join us in prayer for Amanda and Emily as they live out God's mission across the globe!
